

The Intern Architect Initiative Survey Results are Now Available

[Click here to view the report](#)

Next Steps for the Initiative:

The OAA's Future of the Profession/Interns Committee are currently reviewing in detail the survey results and comments received. This feedback will be used to revise the various proposals for changes to the Intern Architect Program.

Town Hall meetings in Ottawa, Toronto, Cambridge and Windsor, where the committee will present the revised proposals, will be held this fall. Stay tuned for further information.

All feedback received will be reviewed by the Committee as they prepare a final proposal to go to OAA Council later this fall. Visit the [forum](#) or an upcoming Town Hall and provide your input.
